Noran Printing Ltd. is the largest locally owned and operated commercial print shop in Kamloops.

The owners, Ryan and Jenn Holowaychuk, both born and raised in Kamloops, are firm believers in community and in keeping business local.

After owning Noran for a little over two years, the Holowaychuks have learned their customers have the same beliefs: Keep business local and support our community.

Ryan was raised in the printing business, starting out cleaning and sweeping floors for his dad, Louis Holowaychuk, who owned Kamloops Commercial Press.

With Ryan's knowledge and strong foundation in the industry, it was an easy decision to follow in his father's footsteps.

Serving Kamloops has been a part of the family for two generations and he looks forward to being able to do the same in the future.

In the past two years, Noran has

gone through many changes.

Taking over a 30-year-old company meant updating equipment, bringing on new staff and modernizing the company to better serve our clients.

The company motto is: Anything to do with paper.

Offering everything from the concept and design of a project to the finished product in your hand, Noran is ready to service its customers and make their ideas come to life.

The company has seen steady growth during the past couple years.

Noran sends out a big thank-you to its dedicated clients along with the many new faces for their business.

The company could not do this without this constant support.

And the Holowaychuks are dedicated to striving to offer each and everyone who comes through the door the highest-quality of service.
